3) Sales: Since the separation of
the P. H. Institute from under the
control of the Sanitary Board there
has been no Secretary to the Board &
one who would want the grant
under sanitary improvements
(which the Board administers) during
the last & the current years, the
Board does not seem to be working
during this period. The point is

To the Sanitary Commission
no. 2184 & 13.9.11
Requests to submit ^{revised} draft rules
for the contribution working of the
Central Sanitary Board

2

From the Sanitary Commission
no. C/23 & 8.6.1911 -
Forwards notes indicating the
modifications considered necessary in
the existing rules pertaining to the
Contribution working of the Central
Sanitary Board

7) Subd. The existing rules on the
subject were prescribed in no
5713-63 / San 86-13-35 & 8.2.1917
The Board as recommended to be

reconstituted will have no secretary
the present doing his work presumably
at all & it is a point for a decision

whether a secretary is not necessary

10) Rule 6. The last sentence in the rule
is proposed to be modified as follows

"After approval by the Sanitary Board
the plan now proposed shall be for-
warded to port for sanction through
the Chief Engineer." It is to be noted
whether the words "by the Sanitary Com"

Serial
No

18) The Central Sanitary Board was reconstituted in 1910 no 5713-63/ San 86-13-35 & 8. 2. 1917 the rules for its working were also issued. The Board was further reconstituted as a County Board following officers & 2 non official public men were nominated by Govt:—

1. The Sanitary Comm. President
2. The Subordinating Engineer, Sanitary Circle

3. The Revenue Deputy Govt the Sanitary Officer for the time being of the P. St. Dist was the Sanitary Comm. Board. (G.O. no 925-40/ San 87-18-19/13-7-20)

19) The arrangement continued till the end of the year 1921-22, when Govt ordered retrenchment of expenditure within Sanitary Dept. As a result an Post of a whole time Sanitary Comm. was abolished. The Public Health Institute was separated from the Sanitary Comm. and control of all Sanitary commissions, the Post of the Sanitary Engineer also was abolished ^{the S. S. appointed Sanitary Comm. to office.} from the year 1923 no allotment was sanctioned for being administered by the Board. Hence the Board has been practically non-existent from the 1st July 1923.

1 The abolition of the post of Secretary was recommended as the work of the Board is not likely, for some time to come, to be so voluminous, nor so exacting as to necessitate the assistance of a Secretary. Besides, there is no Officer, borne on the Department at Bangalore, to whom ~~at present~~ the duties can be tasked on at present. If it is considered that a Secretary is essential for ^{purposes of} ~~the~~ constitution, I would suggest the appointment of the District Medical Officer, Bangalore District, as ~~the~~ Ex Officio Secretary. His Office being located in the same compound as the Sanitary Commissioner's Office, he can be in constant touch with the President in regard to all matters pertaining to the furtherance of the work and usefulness of the Board. Besides, the present District Medical Officer has had a training for the B.S.Sc. Degree and proved himself a capable District Health Officer, when he held the Sanitary charge of the Shimoga District for some time.

2 Rule. 4. The portion proposed to be omitted is ^{the} note under the rule and not the entire rule. I regret that in the marginal notes the words "rule 4" preceding the words "may be omitted" were left undeleted.

3 Rule 6. The suggestion ^{to} insert the words "by the Sanitary Commissioner" between "forwarded" and "to Government" may be accepted.

R. MAHOMED USMON, ESQ., L.M. & S

Sanitary Commissioner with the Government of

His Highness the Maharaja of Mysore, BANGALORE.

B. NAGAPPA, ESQ., Bar-at-Law

Secretary to the Government of Mysore,

Local and Legislative Departments, BANGALORE.

Sir

With reference to your letter No. L.2184/San. dated the 13th September 1924 I have the honor to forward, for the consideration and orders of Government, the accompanying notes indicating the modifications considered necessary in the existing rules pertaining to the constitution and working of the Central Sanitary Board

I have the honor to be,

Sir

Your most obedient servant

M. G. Usmon

A.R.M

SANITARY COMMISSIONER, M. G.

Rule 1.

✓ The Board may be reconstituted with the following members

1. The Central Sanitary Board shall consist of seven members, viz

(1) The Senior Surgeon & Sanitary Commissioner - Member and President

(1) Senior Surgeon - Member & President.

(2) The Director of Public Health Institute - Member

(2) Sanitary Commissioner - Member & Vice-President.

(3) The Senior Officer in charge of the Public Health Institute - Secretary and Member.

(4) The Chief Engineer of Mysore Member.

(4) Sanitary Engineer

(5) & (6) Two non-official members to be nominated by Government

(5) Dr. P.S. Achyuta Rao.

~~(preferably from the Legislative Council)~~

(6) Water-Supply Engineer.) Members.

(7) Dr. M. Srinivasa Rao. Sanitary Commissioner (Retd.) Member.

(7) One non-official gentleman) to be nominated hereafter (

(8) The President of Bangalore or Mysore City Municipal Council co-opted or invited whenever any scheme pertaining to either of the two Cities comes up for consideration.

[NOTE: 1. The Presidents of Bangalore and Mysore Cities are specially mentioned in view of the fact that the sanitary improvement of the Cities receives or is likely to receive sustained attention.]

C S.
C E
Per
Srinivasa Rao
3/2/81

Rule 2.

No alteration

2. It shall be the duty of the Central Sanitary Board to advise on all schemes for sanitary improvement, costing Rs.5,000/- and above that may be referred to it for consideration by any local authority or by the Chief Engineer or by Government.

Rule 3

No alteration

3. It shall also be its duty to give advice generally on all sanitary matters of immediate practical interest that may be referred to it for opinion.

4. No sanitary work or project costing more than Rs.5,000/- shall be undertaken by any local authority or department of the Government without the previous approval of the Sanitary Board.

includes

(a) construction of Hospitals, Dispensaries, Markets, Slaughter-houses

(b) works relating to town improvement such as extensions, formation or removal of villages;

(c) works relating to water-supply

(d) works relating to drainage;

(e) new constructions including public buildings intended for the accommodation, regularly or periodically, of large numbers of people, such as schools and public halls.

Note:- No sanitary work costing ~~Rs. 1,000/-~~

and above shall be executed by any local

authority or department or Government

without the estimate therefor being

previously sent to the Sanitary Engineer

for professional scrutiny.

Rule 4. *Wk*
May be omitted.

&

Rule 5
Omit - "or the Sanitary Engineer as the case may be"

5. In the case of work falling under rule 4 and requiring the sanction of Government, estimates and connected papers should be submitted to Government through the Central Sanitary Board (or the Sanitary Engineer as the case may be.)

8

Rule 6

for "Sanitary Commissioner in the last sentence substitute "Sanitary Board".

6. All new or revised projects sent up by the Board of Trustees for the City Improvement, Mysore, shall be carefully scrutinised and checked in the Chief Engineer's Office in respect of their engineering features and then forwarded to the Central Sanitary Board for approval. After approval by the Sanitary ^{Board} Commissioner they shall be forwarded to Government for sanction, ~~thru~~ through the Chief Engineer

Rule 7.

no change,

7. After an estimate has been duly sanctioned by the proper authority, the Central Sanitary Board shall have no

but it shall be open to the Board to make proposals as to any modifications which it considers desirable from a sanitary point of view. These proposals shall be taken into consideration by the authority executing the work and be given effect to, as far as possible provided that, when such authority is unable to accept the proposals, the matter shall be submitted to Government for orders

Rule 8.

This is unworkable. If a list is at all furnished it will only be mechanically prepared and must lack in details such as would be supplied if the outline of the scheme is in the first instance subjected to the deliberation of the local body concerned. A more practicable procedure would be for the Sanitary Commissioner to make practical suggestions in the notes of inspections he is required to furnish to the local bodies and, when any particular scheme suggested is accepted by them, to follow the matter up by arranging to get plans and estimates prepared in consultation with the Chief Engineer. For this purpose rule (8), (12) and (13) may be combined into one rule as follows

8/ "It shall be the duty of the Sanitary Commissioner to bring from time to time to the notice of the Central Sanitary Board, schemes for the improvement of the sanitary condition of local areas, which were advised upon by him and which are formally accepted by the Municipal Councils Department of Government or other local authority concerned. When the necessity for the scheme is also recognised by the Central Sanitary Board, the Sanitary Commissioner shall be empowered to call for plans and estimates from the Public Works Department. All requisitions for projects shall be addressed by the Sanitary Commissioner to the Chief Engineer, who will comply with such requisitions with as little delay as practicable.

A list of the schemes for which plans and estimates have been so prepared and furnished to local

3 It shall be the duty of the Sanitary Commissioner to bring from time to time to the notice of the Board, schemes for the improvement of the sanitary condition of any particular locality or of the State as a whole. When the necessity for such recognised by the Board, they shall be included in a register of schemes which require attention immediately or in the near future. A list of such schemes entered in the order of their urgency shall be forwarded to the local authority or the Department of Government concerned every year at least one month previous to the consideration of the budget by the authority.

Note:- The list should be descriptive and should contain such items of information as will enable the authority in question to decide whether the schemes are such as will warrant their inclusion in the budget estimate. In every case, the approximate cost should be stated

bodies for adoption, through the Central Sanitary Board, shall be forwarded to the local authority or the Department of Government concerned, every year at least one month previous to the consideration of the budget by such authority.'

Rule 9.

No change.

Rule 10

No change.

Rule 11

Omit the words "through the Secretary" occurring in the first instance sentence

Rule 12.

To be modified and incorporated with rule 8.

Rule 13. -do- -do-

9. The Board shall ordinarily transact business by circulating papers but the President may convene a meeting any time for discussing important matters

10. Members shall not keep the papers for more than a week. As a general rule, no project is to be before the Board for more than two months. Should a longer period be found necessary, the fact should be made the subject of a special report to Government by the Sanitary Commissioner.

11. The President may ~~through the~~ Secretary call for such information from local bodies and Government Officers as may be necessary for the furtherance of the business under these rules. Such information shall be called for by letters and not in the form of proceeding

12. The Sanitary Commissioner may correspond direct with the Sanitary Engineer on all minor matters and may consult him informally as often as necessary, but communications on important matters shall pass through the Chief Engineer or copies be sent to him they are not addressed to him

13. All requisitions for projects shall be addressed to the Sanitary Commissioner to the Chief Engineer and not direct to

✓ Rule 14

Omit the words: "The Secretary shall summarise the opinion of the Board and"

14. The Secretary shall summarise the opinion of the Board and the proceedings shall be recorded in the form of resolutions which will be signed by the President.

Rule 15

No change.

15. All resolutions shall be published in the Mysore Gazette as soon, after they are passed, as possible.

Rule 16

No change.

16. In the event of a difference of opinion among the members of the Board, the decision of the majority shall prevail, the President having a casting vote, when votes are equally divided. But any member may record a minute of dissent and may be required that same may be submitted with a copy of the resolutions to which it relates, for the orders of Government

Rule 17.

No change.

17. Each authority executing any work on which the Central Sanitary Board have advised, shall, not later than 31st January every year, furnish information to the Central Sanitary Board, as to the progress made in the execution of each work together with the explanatory remarks in case of delay or failure to carry out any of the estimates- Such statement shall be incorporated by the Sanitary Commissioner in the Annual Sanitary Report submitted to Government-

Rule 18.

May be omitted.

18 The sanitary Engineer shall, through the Chief Engineer, furnish a similar report to the Central Sanitary Board in respect of the estimates falling under his jurisdiction.

about the working of the
CENTRAL SANITARY BOARD.

1. The Board may be reconstituted
with the following members:

(a) The Senior Surgeon and Sanitary
Commissioner (CHAIRMAN.)

(b) The Chief Engineer.

(c) Five Non-Official gentlemen of
whom, two to be retired officers of the
Public Health Department (Viz.. *Dr. M. Sri
nivasa Rao and Dr. Pani.)

The Deputy Sanitary Commissioner to
be the ex-officio secretary.

2. It shall be ^{the} ~~his~~ ^{of the C.S. Board} duty to give
advice generally on all sanitary matters
of immediate practical interest that may be
referred to it for opinion.

3. No Sanitary work or project cost-
ing more than Rs.30,000/- shall be under-
taken by any local authority or department
of the Government without the previous
approval of the Sanitary Board. It is
open to the local bodies and departments
to seek advice of the Board even in the
case of schemes of lesser ~~cost~~ cost if they
so desire.

4. In the case of works falling under
Rule 3 and requiring the sanction of Govern-
ment, estimates and connected papers should
be submitted to Government through the
Central Sanitary Board.

6. All new or revised projects sent up by the Board of Trustees for the City Improvement, Mysore, shall be carefully scrutinized in the Chief Engineer's Office in respect of the Engineering features and then forwarded to the Central Sanitary Board for approval. After approval by the Sanitary Board they shall be forwarded by the Sanitary Commissioner to Government for sanction through the Chief Engineer.

7. After an estimate has been duly sanctioned by the proper authority, the Central Sanitary Board shall have no control over the execution of the work, but it shall be open to the Board to make proposals as to -- any modifications which it considers desirable from a sanitary point of view. These proposals shall be taken into consideration by the authority executing the work and be given effect to, as far as possible provided, that, when such authority is unable to accept the proposals, the matter shall be submitted to Government for orders.

8. It shall be the duty of the Sanitary Commissioner to bring from time to time to the notice of the Central Sanitary Board schemes for the improvement of the sanitary condition of local areas which were advised upon by him and which are formally accepted by the Municipal Councils, Departments of Government or other authority concerned. When the necessity for the scheme is also recognized by the Central Sanitary Board the Sanitary Commissioner shall be empowered to

call for plans and estimates from the Public Works Department. All requisitions for projects shall be addressed by the Sanitary Commissioner to the Chief Engineer, who will comply with such requisitions with as little delay as practicable. A list of the schemes for which plans and estimates have been so prepared and furnished to local bodies for adoption through the Central Sanitary Board shall be forwarded to the local authority or Department of Government concerned every year at least one month previous to the consideration of the budget by such authority.

8. The Board shall ordinarily transact business by circulating papers but the President may convene a meeting any time for discussing important matters.

9. Members shall not keep the papers for more than a week. As a general rule no project is to be before the Board for more than two months. Should a longer period be found necessary, the fact should be made the subject of a special report to Government by the Sanitary Commissioner.

10. The President may call for such information from local bodies and Government Officers as may be necessary for the furtherance of the business under these rules. Such information shall be called for by letters -- and not in the form of proceedings.

12. The Sanitary Commissioner may correspond direct with the Sanitary Engineer on all minor matters and may consult him informally as often as necessary, but communications

on important matters shall pass through the --
Chief Engineer or copies be sent to him they
are not addressed to him

13. All requisitions for projects shall
be addressed to the Sanitary Commissioner to -
the Chief Engineer and not direct to the Sani-
tary Inspector.

14. The proceedings shall be recorded in
the form of resolutions which will be signed
by the President.

15. All resolutions shall be published in
the Mysore Gazette as soon, after they are - -
passed, as possible.

16. In the event of a difference of
opinion among the members of the Board, the
decision of the majority shall prevail, the
President having a casting vote, when votes
are equally divided. But any member may re-
cord a minute of dissent and may be required
that same may be submitted with a copy of the
resolutions to which it relates, for the orders
of Government

17. Each authority executing any work on
which the Central Sanitary Board have advised.
shall, not later than 31st January every year
furnish information to the Central Sanitary -
Board, as to the progress made in the execution
of each work together with the explanatory re-
marks in case of delay or failure to carry out
any of the estimates. Such statement shall
be incorporated by the Sanitary Commissioner in
the Annual Sanitary Report submitted to Govern-
ment

RULES

FOR THE WORKING OF THE CENTRAL SANITARY BOARD

1. The Board may be reconstituted with the following members:-
 - (a) The Senior Surgeon and Sanitary Commissioner, (*Chairman*).
 - (b) The Chief Engineer.
 - (c) Five Non-Official gentlemen, of whom, two to be retired officers of the Public Health Department.

The Deputy Sanitary Commissioner to be the *Ex-officio* Secretary.
2. It shall be the duty of the Central Sanitary Board to give advice generally on all Sanitary matters of immediate practical interest that may be referred to it for opinion.
3. No Sanitary work or project costing more than Rs. 30,000 shall be undertaken by any local authority or department of the Government without the previous approval of the Sanitary Board. It is open to the local bodies and departments to seek advice of the Board even in the case of schemes of lesser cost, if they so desire.
4. In the case of works falling under Rule 3 and requiring the sanction of Government, estimates and connected papers should be submitted to Government through the Central Sanitary Board.
5. All new or revised projects sent up by the Board of Trustees for the City Improvement, Mysore, shall be carefully scrutinised in the Chief Engineer's Office in respect of the Engineering features and then forwarded to the Central Sanitary Board for approval. After approval by the Sanitary Board, they shall be forwarded by the Sanitary Commissioner to Government for sanction through the Chief Engineer.
6. After an estimate has been duly sanctioned by the proper authority, the Central Sanitary Board shall have no control over the execution of the work, but it shall be open to the Board to make proposals as to any modifications which it considers desirable from a sanitary point of view. These proposals shall be taken into consideration by the authority executing the work and be given effect to, as far as possible provided, that when such authority is unable to accept the proposals, the matter shall be submitted to Government for orders.
7. It shall be the duty of the Sanitary Commissioner to bring from time to time to the notice of the Central Sanitary Board schemes for the improvement of the sanitary condition of local areas which were advised upon by him and which are formally accepted by the Municipal Councils, Departments of Government or other authority concerned. When the necessity for the scheme is also recognised by the Central Sanitary Board, the Sanitary Commissioner shall be empowered to call for plans and estimates from the Public Works Department. All requisitions for projects, shall be addressed by the Sanitary Commissioner to the Chief Engineer, who will comply with such requisitions with as little delay as practicable. A list of the schemes for which plans and estimates have been so prepared and furnished to local bodies for adoption through the Central Sanitary Board shall be forwarded to the local authority or Department of Government concerned every year at least one month previous to the consideration of the budget by such authority.
8. The Board shall ordinarily transact business by circulating papers but the President may convene a meeting any time for discussing important matters.
9. Members shall not keep the papers for more than a week. As a general rule, no project is to be before the Board for more than two months. Should a longer period be found necessary, the fact should be made the subject of a special report to Government by the Sanitary Commissioner.

No. G. 86-144—SANY. 25-24-3, DATED 6TH JULY 1927.

10 The President may call for such information from local bodies and Government Officers as may be necessary for the furtherance of the business under these rules. Such information shall be called for by letters and not in the form of proceedings.

11. The proceedings shall be recorded in the form of resolutions which will be signed by the President.

12. All resolutions shall be published in the *Mysore Gazette* as soon, after they are passed, as possible.

13. In the event of a difference of opinion among the members of the Board, the decision of the majority shall prevail the President having a casting vote, when votes are equally divided. But any member may record a minute of dissent and may be required that same may be submitted with a copy of the resolutions to which it relates, for the orders of Government.

14. Each authority executing any work on which the Central Sanitary Board have advised, shall, not later than 31st January every year, furnish information to the Central Sanitary Board, as to the progress made in the execution of each work together with the explanatory remarks in case of delay or failure to carry out any of the estimates. Such statement shall be incorporated by the Sanitary Commissioner in the Annual Sanitary Report submitted to Government.
